EDUCATION

UNIVERSITY OF WISCONSIN - MADISON *Madison, WI*

B.S. Computer Science and Data Science, Minor: Game Design *May 2026 | GPA: 3.5/4.0*

Awards: Dean's List Spring 2025, Dean's List Fall 2025

Relevant Coursework: User Interfaces, Human-Computer Interaction, Virtual Reality, Computer Graphics, Mobile Applications, Machine Learning, Algorithms, Big Data Systems

PROFESSIONAL EXPERIENCE

IT App Developer Intern, Wintrust Financial   Rosemont, IL | *May 2024 - Aug 2024*

- Redesigned and enhanced user interface for iSelfService app using Angular, TypeScript, and CSS, significantly increasing user engagement through improved UI/UX design and intuitive navigation.
- Developed responsive front-end components collaborating with 12-person team using Agile methodologies and GitHub, reducing development time through component-based architecture.
- Created user-friendly interface for InfoSec email system using C#, SQL, and .NET Core, improving communication efficiency.

IT Cloud Operations Intern, Zurich Insurance   Schaumburg, IL | *May 2025 - Aug 2025*

- Supported cloud migration of 200+ applications to Azure, ensuring seamless user experience transitions and interface consistency across platforms.
- Managed issue tracking to analyze user-reported UI/UX issues, categorizing problems by severity to improve user satisfaction.

Data Scientist Intern, Practically   Remote | *Jun 2022 - Aug 2022*

- Developed interactive data visualizations using Python (pandas, NumPy) to transform consumer data into user-friendly visual formats.
- Implemented data validation framework with visual feedback mechanisms, reducing errors by 70% and improving data presentation.

PROJECTS

FitFolio - Digital Closet Application *Sep 2025 - Dec 2025*

- Designed and developed user interface with team of 5, creating intuitive avatar-based visualization system for virtual clothing try-on.
- Integrated Fashn API to build interactive front-end features for real-time outfit visualization with seamless garment uploads and avatar customization.
- Implemented responsive UI components and user-centered design principles to streamline user journey.

LEADERSHIP

Executive Board Member, UNIT.E Dance Group *Jan 2024 - Present*

- Learn and teach diverse cultural dance styles, develop choreography, and lead practice sessions for campus performances.
- Formulated workshops and feedback processes, boosting attendance by 55% and enhancing community engagement.

TECHNICAL SKILLS

Front-End & UI/UX: JavaScript, TypeScript, HTML/CSS, Angular, React, React Native, Node.js, Unity, Figma, Responsive Design, Component-Based Architecture, User Interface Design, User-Centered Design

Programming: Java, Python, Kotlin, C, C#, R, SQL, Git, GitHub, VS Code, Android Studio, Agile Development

Cloud & Tools: Azure, Docker, Scala, GCP, .NET Core, JupyterLab, SQL Server, Jira, SharePoint, Office 365, Data Visualization
